

NATIONAL ASSOCIATION OF COMPUTER VOICE STRESS ANALYSTS

16192 Coastal Highway
Lewes, DE 19958-9776
Toll Free: 888-358-5025

Dear CVSA Examiner,

Your personalized Certificate of Membership, Membership Card, and Lapel Pin have been reserved for you by the **National Association of Computer Voice Stress Analysts** (NACVSA). Starting on January 1st 2010 the NACVSA will be offering these and many other new and exciting benefits to all Certified CVSA Examiners.

The NACVSA currently has over 1,000 members making it the world's largest professional association dedicated to supporting truth verification specialists. Further, the NACVSA is the **only** professional association in the world exclusively dedicated to supporting CVSA Examiners. The NACVSA does so by providing continuing CVSA-related education and professional development programs, by upholding professional standards, and by acknowledging the expertise of individual CVSA Examiners through the *NACVSA Professional Certification Program*.

The NACVSA offers all members the following benefits:

- 100% dedicated support for Certified CVSA Examiners ***only*** – no other organization in the world can make this claim.
- A trained and professional staff to support our members.
- The NACVSA offers a 15% discount to members for all training offered by both the NACVSA and the NITV. The one-time use of this benefit will pay for your annual membership!
- The NACVSA is the ***only*** professional organization in the world to offer a manufacturer-sanctioned Advanced Professional Certification Program exclusively for Certified CVSA Examiners. In addition to manufacturer's "CVSA Certified Examiner" designation, the NACVSA also offers the following advanced certification levels:
 - **CVSA Senior Examiner**
 - **CVSA Expert Examiner**
 - **CVSA Master Examiner**
- Since its inception, the NACVSA has monitored legislation on a weekly basis in all 50 states and the federal government that could impact on CVSA Examiners. The NACVSA uses a Washington DC-based legislative monitoring service to accomplish this task, and has successfully blocked polygraph-related legislative initiatives in a number of states which were designed to limit the use of VSA technologies or that could have harmed the CVSA profession.

- The NACVSA has a highly-qualified Educational Coordinator to oversee professional development programs, educational grants and CVSA-related research activities.
- The NACVSA has an ongoing project to obtain POST Certification or its equivalent in as many states as possible for CVSA-related training courses to ensure our members receive full credit for all NACVSA-sponsored courses.
- The NACVSA manages an on-line Cold Call List, available 24X7, which is on our website (www.nacvsa.com), and available at no charge for use by **all** Certified CVSA Examiners, both members and non-members.
- The NACVSA recognizes CVSA Examiners for their special accomplishments through our ***Professional Excellence Award Program***.
- The NACVSA ensures professional training and technical standards are upheld and maintained for all CVSA professionals, and works to minimize the harm caused by the teaching of unproven and/or unsanctioned CVSA techniques.
- The NACVSA is the ***only*** VSA association in the world recognized by the NITV, and our training and standards meet the stringent requirements for recertification required by the NITV.
- The NACVSA offers support to private Certified CVSA Examiners through a unique advertising, promotional and referral service, which is only open to NACVSA members.

Joining the NACVSA is simple. In the past membership has been absolutely free. Starting on January 1st 2010, basic membership dues will be \$45 annually or \$95 for a three-year membership (a 42% discount over annual dues). Dues will only be used to support the programs outlined above, as well as other NACVSA Board-approved initiatives designed to solely benefit CVSA Examiners.

Simply fill out the enclosed application and mail it along with your payment to receive your personalized **NACVSA Certificate of Membership, an NACVSA Membership Card, and an NACVSA lapel pin** (images attached).

In addition to the above, all members who submit their dues before January 1st 2010 will be designated as **NACVSA Founding Members**.

Sincerely,

A handwritten signature in black ink, appearing to read "Billy Cox". The signature is fluid and cursive, with the first name "Billy" being larger and more prominent than the last name "Cox".

Billy Cox
Management Director
